Education

Hanoi University of Science and Technology 2025 – Present
School of Information and Communication Technology
Major: IT1 – Computer Science.

High School for Gifted Students, Hanoi National University of Education 2022 – 2025
Informatics specialization class.
Achievement: Third Prize, Vietnam National Olympiad in Informatics

Experience

Bug Bounty – Security Research 2026
- Discovered and reported security vulnerabilities on **SoundCloud** and **Quizlet**.
- Bugcrowd profile

Viettel Digital Talent 2026 – Phase 1
Software Engineer – System Programming May 2026 – July 2026
- Object-oriented programming in C++
- Network programming and concurrency in C++
- C++ development with the Qt framework and software packaging

GDGoC Hackathon Vietnam 2026 Organizing Committee
Backend Developer January 2026 – May 2026
- Designed the database architecture and developed backend APIs using ExpressJS and PostgreSQL.
- Implemented team creation and random team matching using Machine Learning.

Development and Operations February 2026 – May 2026
- Deployed, operated and troubleshot Linux servers in production.
- Set up internal network security layers and automated the deployment process.
- Set up automated periodic backups for the PostgreSQL database and media data.

BlackUSB – System Programming Project – GitHub June 2025
- Developed a cross-platform C++ application for Windows, Linux and macOS
- Built data encryption, USB whitelist management, session timeout and auto-lock mechanisms
- Used CMake for build management and cross-platform software packaging

Activities

GDG on Campus – HUST
Member – Web Development Team December 2025
- Took part in club activities.
- Developed the backend for the club management website.

CSP Marathon 2025
Member – Problem Setting Team June 2025 – July 2025
- Created and reviewed algorithm and data structure problems for the contest.

- Built test data and wrote the checker and solutions in C++.
- Wrote detailed editorials explaining the algorithms to contestants.

Skills

Programming languages: C/C++, JavaScript.
Technologies & tools: Linux, Git, Docker.
Security: Caido, Burp Suite, Nmap.
Languages: English (IELTS 6.0).
